WORK EXPERIENCE

Smile Dental Center

Apr. 2021 – Jul. 2022

Patient and Website Manager

Pristina, KS

- Smile Dental Center is a dental clinic that uses my website for a digital representation of data for patients' dental records, treatments and payments.
- As Website and Patient Manager, I greeted the clients a warm welcome and showed them our treatment prices and made a report of everything that they were treated with.
 - Designed the website with WordPress
 - Wrote in over two thousand patients in the database that were coming in and were previously written in a notebook by the dentists from 2016.
- Everything that was written in the website was used to be printed out to every customer so they had a receipt of the treatments.

EDUCATION

Rochester Institute of Technology

April, 2025

Undergraduate, Computer Science

Pristina, KS

- GPA 3.3
- Joined the IT Club
- Competed in tournaments for sports such as basketball and soccer

Digital School

Jan. 2015 – Sep. 2018

HTML, CSS, JavaScript, Java

Pristina, KS

- First generation of the first and only company in Kosovo that has become a franchise locally and internationally
- Made many projects and attended many hackathons
- Had clear and thorough explanation of the structure of coding

ROI Academy

Jun. 2022 – Jul. 2022

Java

Pristina, KS

- Successfully cooperated with a team to teach Java in a very interactive way
- Every class, we selected a random person out of the group to share the screen and write the code while explaining it
- Read a lot about the fundamentals of Java from various textbooks
